To aid in registration, a lottery* system is used. Everyone is given a number which is placed in a container. Numbers are drawn randomly and when your number is called it will be your turn to register. We have found that this system prevents you from having to stand in line for hours prior to the start of registration.

To help with the congestion in the parking lot, we ask that you arrive *no earlier than ten minutes prior* to the start of your designated registration time. Thank you for your consideration in this matter.

We will continue enrolling new students until all spaces are filled. At that time, we will begin our waiting list.
